the State Park*

Any Baby Can provides comprehensive assistance for the family of a child born with any chronic illness, developmental delay, health risk or challenge. Our belief is that every child deserves a chance to live a happy healthy life. We view the family and child as part of a dynamic system. Our focus is on the needs of the family, all of which either directly or indirectly affect the child. We feel that by also serving the needs of the family, we serve the child. All services are free of charge regardless of income.
